BEHIND-THE-WHEEL INSTRUCTION AGREEMENT

State procedures require at least two students in a driver's education car at all times. The students have to sign up for a two-hour block of driving time. The two hour block includes one hour of driving and one hour of observation.

Sometimes, due to student schedules, an odd number of students in a class, or missing a driving time due to illness, there could be only one student in the car at a time. The parent or guardian may sign a waiver allowing their son or daughter to be the sole student in the car if one of these situations arises. If the parent or guardian does not want their son or daughter to be the sole driver at any time, the school must make arrangements to accommodate their situation. This could mean canceling an assigned driving time and make-up later if the driving partner fails to meet the appointment.

To ensure that all parents understand the possibilities
Parent must **SIGN ONE** of the following agreements.

YES, my son/daughter has permission to be the sole driver in the Classic Driving School vehicle if the occasion arises.
